In accordance with your request by letter GUS-0404-60, we are submitting two additional copies of our final summary report PF-O-104M. We have also determined that you previously have received copies of all reports prepared under this program.

We have started work in sanitizing that data we desire to keep. We are also in the process of destroying all electronic models, transferring materials to local Air Force contract inventory, and preparing facilities items for shipment. We will notify you upon completion of the latter work as to size and volume of packages to be shipped.
